

Notice by Intercounty Electric Cooperative Association Unclaimed Capital Credits

The following named persons are hereby notified that Intercounty Electric Cooperative Association holds in its possession unclaimed capital credits for which the owner (member or former member) cannot be found. The payments of these capital credits have been made available since November 24, 2021. The names of the owners and approximate amount of each owner's interest is listed below. If the capital credits are not duly claimed within sixty (60) days of June 23, 2023, the same shall be turned over to Intercounty Electric Cooperative Association, which shall reallocate as set forth in the Cooperative Bylaws.

Any provable claim for these capital credits shall be filed at the general headquarters of the Cooperative in Licking, Missouri, within sixty (60) days of this notice.

Any member or former member who fails to claim the capital credits herein listed within the time specified, shall have made an irrevocable assignment and gift to the Cooperative of such capital credits. The names of the owners and approximate amount of each owner's interest are as listed.

The preceding and foregoing notice is published in the June 2023 digital edition of the *Rural Missouri*, and *The Messenger*, a publication of general circulation. This publication is made by order of the Board of Directors of Intercounty Electric Cooperative Association and is made in compliance with the provisions of Section 4 Article VII of the Bylaws of Intercounty Electric Cooperative Association.

Tom Fleener, Secretary
Intercounty Electric Cooperative Association

Don't Become Electricity's **PATH TO GROUND**

When electric utility equipment becomes damaged, the ground and objects can become energized.

If you are in a situation where there could be downed power lines or a damaged pole, guy wire or padmount transformer (green box), know what to do to save your life and the lives of others:

CAR ACCIDENT

Stay inside your vehicle or cab since the ground or objects could be energized.

Call 9-1-1 and report that there are downed or damaged power lines or a dislodged green box.

Wait for the utility crew to arrive to deenergize the power.

Do not exit until someone from the utility says it is safe to do so.

ONLY EXIT IF THE VEHICLE IS ON FIRE

Cross your arms over your chest and make a clean jump out.

Do not touch the vehicle and the ground at the same time.

Make solid hops with your feet together as far away as you can.

Do not return to the vehicle.

IF YOU ARE A BYSTANDER

Do not approach the scene to try and help.

Stay at least 50 feet away and do not lean on or touch anything, including fences or guardrails.
